Take the first step toward a successful and fulfilling career!

Choosing RCC isn't just about saving money—it's about creating opportunities. With flexible programs, hands-on learning, and career-focused training, you can prepare for in-demand jobs without accumulating significant debt.

Whether you're entering the workforce, changing careers, or planning to transfer to a university, RCC can help you get where you want to go. Choose a practical path that can open doors to new opportunities and higher earning potential.

Investments in outstanding faculty and state-of-the-art training facilities, ensure you receive quality, hands-on educational experiences that fit your schedule and lifestyle. Our programs are designed to meet the demands of today's job market, equipping you with the skills and knowledge necessary to excel in your chosen field.

Tuition assistance resources like Virginia's G3 and FastForward programs offer students the chance to complete competitive programs at little to no cost. These initiatives create a pathway for a debt-free college experience, making higher education and skills training accessible and affordable. With these programs, you can concentrate on your studies and career aspirations without the burden of financial stress.

TECHNICAL TRADES

● Tradesman License Renewal

 Renew your tradesman license online at your convenience! Journeymen, Master Plumbers, Electricians, HVAC mechanics, and Gas Fitters are required by the Virginia Board of Contractors to take a pre-determined number of continuing education hours. These classes are recognized by the Virginia Department of Professional & Occupational Regulation (DPOR) and the Virginia Board of Contractors. Cost for Electrical, Plumbing, or HVAC is \$45; Gas Fitter is \$25.

● OSHA 10 Certification

 The OSHA 10-Hour Construction Industry Outreach Training Program provides you with an entry-level construction worker's general awareness in recognizing and preventing hazards on a construction site. Online format allows you to take the class on campus or from the comfort of your own home. Cost is \$149.

TRAINING AND SKILL UPGRADES OFFER IMMENSE BENEFITS

A recognized certification attests to your knowledge and skills and can give you an advantage over uncertified job candidates. Completing higher-level certifications can potentially lead to higher earnings and leadership roles.

● AWS WELDING CERTIFICATION PROGRAMS

Welding is one of RCC's most popular and successful programs! Our excellent instructors provide the direct, hands-on lab instruction needed to gain crucial skills and become a credentialed welder! Expect an emphasis on safety, quality, and the responsibilities associated with certification.

DISCOUNTS MAY BE AVAILABLE.

PROGRAM REQUIREMENTS

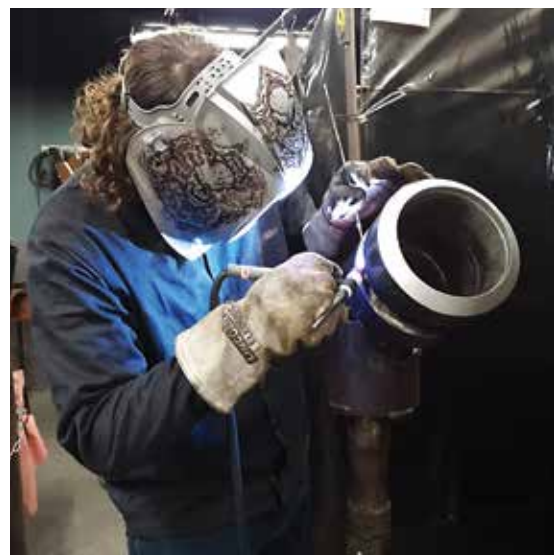

Students acquire skillsets that are attached to specified American Welding Society certifications and must earn the industry credential prior to advancement in the program. Personal Protective Equipment (PPE) is required and must be purchased by each participant in the program.

Attendance is critical to successful course completion. All welding courses must be taken in sequence due to safety/lab restrictions. Meeting or exceeding weld quality specifications as outlined by the American Welding Society (D1.1 code) are a requirement prior to testing.

PPE required:

- Hard-soled, 8" lace up leather boots (steel toe preferred but not required)
- Gloves (gauntlet type)
- Welding Shield & Helmet (self-darkening preferred)
- Safety Glasses (ANSI 287.1)
- 100% Cotton Long-sleeve Shirt or Flame-Retardant Welding Jacket
- Earplugs

Class sizes are limited so sign up early! If you are interested in discounts and financial assistance, you must contact us at least three weeks before the start of class.

Welding a Path to Success

Cameron enrolled in RCC's welding program determined to build a better future for himself and his family. Throughout the courses, he demonstrated exceptional dedication, arriving early to class, staying late to practice skills, and working tirelessly to master each welding process. His commitment paid off as he earned certifications across multiple welding disciplines.

When he was ready to enter the workforce, Cameron approached the job search with the same persistence and work ethic he brought to the classroom. His drive and professionalism caught the attention of a recruiter at Newport News Shipbuilding, who recognized his potential and helped him begin a rewarding career in the shipbuilding industry. Cameron's journey is a testament to the power of hard work, determination, and the opportunities that can come from investing in your education and future.

CAREER PATHWAY COURSES

KEY | ● SHORT-TERM TRAINING | ▲ COMPLETE WITHIN 1 SEMESTER | ■ COMPLETE WITHIN 2-3 SEMESTERS | 🏆 CREDENTIALS

● Shielded Metal Arc Welding (SMAW)

Shielded Metal Arc Welding, often referred to as stick welding, is the basis of all welding processes. Learn to weld multiple joint designs utilizing the SMAW process in accordance with American Welding Society specifications. *Class cost is \$1,950.

● Gas Metal Arc Welding (GMAW)

Gas Metal Arc Welding, often referred to as MIG, offers lab instruction in the following processes: short circuit; spray transfer; and, pulsed transfer. Learn to weld multiple joint designs utilizing the GMAW process in accordance with American Welding Society specifications. *Class cost is \$1,950.

● Flux Cored Arc Welding (FCAW)

Flux Cored Arc Welding is an all-position process. Learn the proper machine set up and equipment operation and how to weld multiple joint designs utilizing the FCAW process in accordance with American Welding Society specifications. *Class cost is \$1,950.

● Gas Tungsten Arc Welding (GTAW)

Gas Tungsten Arc Welding, also known as TIG or Heli-Arc, is the most technically demanding process. TIG welding is a two-handed process. Utilize multiple joint designs and base metal types using the GTAW process in accordance with American Welding Society specifications. *Class cost is \$1,950.

● ASME IX Pressure Pipe Welding

Utilizing the SMAW or GTAW process includes two designs: open root joint design and backing ring joint design. Students must have a 3G AWS Welding certification in SMAW or GTAW process prior to enrolling in this class, (a preparation class may be offered to students that need to meet this requirement), or field experience with instructor's approval. *Class cost is \$1,950.

***Tuition assistance is available.**

● Class A Commercial Driver License

Truck Drivers are in high demand! This commercial driver license (CDL) course will certify you to drive a Class A motor vehicle such as a tractor trailer, dump truck, cement truck, etc. New drivers average \$700-\$1,100 a week in the first year!

We offer a 5-week, full-time training program as well as weekend-only classes. See dates below. The first week is in the classroom where you will learn important safety and regulation topics and the foundation is laid for you to begin the range and road training during the next four weeks.

Training includes pre-trip inspections, backing maneuvers, and road training as required by the DMV skills test. Students demonstrating proficiency in these areas advance to take the skills test. RCC students on average have a 100% pass rate.

Class size is limited so sign up early! Cost is \$6,000. Multiple financial resources are available to assist with tuition costs. **If you are interested in discounts and financial assistance, you must contact us at least three weeks before the start of class.**

M-F	August 3 – September 4	8 am to 5 pm Glens Campus
M-F	September 21 – October 23	8 am to 5 pm Warsaw Campus
M-F	November 9 – December 18	8 am to 5 pm Glens Campus
M-F	January 11 – February 12	8 am to 5 pm Glens Campus
M-F	March 1 – April 2	8 am to 5 pm Warsaw Campus
M-F	April 19 – May 2	8 am to 5 pm Glens Campus

Diesel Mechanics Technology

RCC offers a part-time evening program on the Glens Campus. Most program students have full-time jobs during the day, often in the automotive industry.

This program is designed to introduce the fundamentals of diesel equipment repair and provide instruction in hydraulic systems, diesel engine overhaul and tune-up, electrical circuits, power train maintenance, fuel injection, and welding.

- **Diesel Mechanics Technology Career Studies Certificate** (28 credits) Two-year, evening, part-time program. **Financial-aid eligible.**
- **Diesel Mechanics Technology Certificate** (40 credits) Two to three-year, evening, part-time program. **Financial-aid eligible.**

CAREER PATHWAY COURSES

KEY | ● SHORT-TERM TRAINING | ▲ COMPLETE WITHIN 1 SEMESTER | ■ COMPLETE WITHIN 2-3 SEMESTERS | 🏆 CREDENTIALS

■ Engineering, Drafting & Electrical Instrumentation Technicians

Certificates include:

- **Practical Electrical Technician Career Studies Certificate** (16 credits)
- **Electrical and Instrumentation Technician Career Studies Certificate** (17 credits)
- **Introduction to Engineering Technician Career Studies Certificate** (16 credits)

Career options in this field of study include: manufacturing technician, industrial engineering technician, industrial electronics technician, industrial instrumentation technician, instrumentation specialist, instrumentation planner, instrumentation engineering assistant and instrument repair person.

Programs are financial-aid eligible.

HVAC Technician

RCC offers a part-time evening program in Glens. Most program students work during the day, often in HVAC fields. The Bureau of Labor Statistics predicts a 15% growth in the demand for HVAC techs through 2026.

- **HVAC Career Studies Certificate** (17 credits)
One-year, evening, part-time program.
Tuition assistance is available.
- **HVAC Career Studies Certificate, Advanced** (29 credits)
Two-year, evening, part-time program.
Tuition assistance is available.

▲ Computer Applications Specialist Career Studies Certificates

Designed to train and equip you with the essential skills needed in an automated working environment (18 credits). Learn basic skills in computer literacy and computer operations.

Tuition assistance is available.

■ Cybersecurity

RCC offers two networking and cybersecurity certificates. They can be completed in two semesters as a full-time student or three semesters if part-time. **Tuition assistance is available.**

- **Basic Networking & Cybersecurity Career Studies Certificate** (16 credits).
- **Advanced Networking & Cybersecurity Career Studies Certificate** (27 credits).

HEALTHCARE

● Medication Aide

This course prepares you to administer medications in Assisted Living Facilities. Learn and develop skills in: Proper procedure for preparing, administering, and maintaining medications; Asepsis; Basic pharmacology; Assisting client with self-administration of medication; and Documentation. Upon successful completion of the program, you will be eligible to take the Virginia State Board of Nursing competency exam for licensure as a Registered Medication Aide. Proof of completion of a Nurse Aide course or a 40-hour DCA or PCA course is required. **Students eligible for aid will pay significantly less.**

* M, W, Th February 15 - March 24 5 pm - 9 pm Kilmarnock Center \$2,400

● Clinical Medical Assistant & Phlebotomy Technician (CMAP)

This short-term program prepares you for dual certification as a Certified Clinical Medical Assistant (CCMA) and Certified Phlebotomy Technician (CPT) through the National Healthcareer Association (NHA). You will gain the knowledge and hands-on experience needed to provide clinical and administrative support in healthcare settings such as hospitals, clinics, and physician offices. The curriculum blends classroom instruction, laboratory practice, and online learning tools to ensure competency and confidence.

Students eligible for aid will pay significantly less.

* T, Th	September 1 - November 19	10:00 am – 4:30 pm	Glenns	\$4734
* T, Th	January 19 - April 8	10:00 am – 4:30 pm	Glenns	\$4734

● EMT (Emergency Medical Technician)

In this class, you will develop the ability to comprehend, apply, and evaluate the clinical information relevant to your role as an entry-level EMT; technical proficiency in all skills necessary to fulfill the role of entry-level EMT; and define personal behaviors consistent with professional and employer expectations for entry-level EMT. Upon completion of the program, you will be eligible for National Registry testing resulting in National Registry certification as well as certification in the Commonwealth of Virginia. Class includes some Saturdays.

Students eligible for aid will pay significantly less.

● Patient Care Technician

Successful completion of this short-term program provides graduates with multiple credentials, combining Nurse Aide and Clinical Medical Assistant to become a certified Patient Care Technician. Learn foley care, phlebotomy, activities of daily living, EKGs, vital signs, and more. The course includes a combination of online lectures and in-person labs and clinicals. Expand your career opportunities to provide care in a wide variety of clinical settings.

* M, W, Th	September 21 - December 2	10 am - 4:30 pm	Kilmarnock	\$5,895
* M, W, Th	January 25 - May 13	10 am - 4:30 pm	Kilmarnock	\$5,895

*** Class times will be adjusted during clinical rotations to meet the site requirements.**

Rappahannock Institute for Lifelong Learning

RILL offers non-credit, college-level classes in a variety of subjects, including local history, financial wellness, computer skills, writing, literature discussion, self-improvement, and more. Classes are held in various locations throughout the Northern Neck and Middle Peninsula. There is a small tuition fee for classes.

Rappahannock Westminister-Canterbury (RWC) residents pay only \$10 per class. Blue Ridge Bank Golden Advantage members receive 15% off class tuition. RILL thanks our sponsors and partners!

Find the schedule at Rappahannock.edu/rill; follow RCC on Facebook; or contact Brittany Abdul-Malik at bjenkins@rappahannock.edu, (804) 333-6707.

A GED Success Story

For five years, Kaletha Lampkin showed up—sometimes in person, sometimes on a screen, and sometimes under difficult circumstances that would have caused many to quit. When the pandemic disrupted everyday life, she didn't give up on her goal. Instead, she adapted and stayed connected to her classes with the assistance of her Adult Education Instructor, Mrs. Molly Hoffman-Crook. Kaletha kept learning despite the challenges of remote instruction, family responsibilities, and long breaks along the way.

Kaletha's journey was built on persistence. Even when progress felt slow, she returned again and again, determined to finish what she started. Her instructors and peers watched her confidence grow with each test attempt, and each new skill mastered. After years of steady effort, Kaletha finally earned her GED—an achievement that represents not just academic success, but resilience, commitment, and belief in herself. Her story is a powerful reminder that perseverance pays off, no matter how long the road may be.

Dual Enrollment

Earn College Credits While in High School through Dual Enrollment

RCC's dual enrollment options offer qualifying high school students a unique opportunity to get a head start on their college careers. Explore a variety of subjects, from business to advanced manufacturing, and take college-level classes taught by qualified instructors before graduating high school. These courses are designed for both students planning to transfer to a four-year college and those seeking immediate employment in a career/technical field.

Save Money on Transferable College Credits

High school students can take college-level courses through RCC's Dual Enrollment program at their home high school. These courses earn both college and high school credits, and many students even earn an Associate degree by the time they graduate high school.

Transferability

Dual enrollment courses provide pathways into college or careers. Each high school in the service region provides a pathway toward the **Passport** and **Uniform Certificate of General Studies (UCGS)**. The Passport and UCGS are transferable to all public 4-year and most private 4-year institutions in Virginia and apply toward lower-level general education requirements. Other courses fulfill requirements for career or occupational certificates or applied science degrees offered at community colleges to fast-track a career.

RCC high school navigators are in your high school, ready to help you discover your path to success. For more information, email dualadvisor@rappahannock.edu, call (804) 333-6744, or visit www.rappahannock.edu/dualenrollment
