

PROGRAM & COURSE OFFERINGS

SPRING/SUMMER · 2025

Rappahannock
Community College

Shannon L. Kennedy, Ed.D.
President

Join RCC and take the first step toward a successful and fulfilling career!

According to the U.S. Bureau of Labor Statistics, an Associate's degree will earn you \$8,268 more per year than a high school diploma. Even some college will increase your annual earnings by nearly \$5,000. Education clearly pays off! RCC can help you with a successful and fulfilling career.

Investments in outstanding faculty and state-of-the-art training facilities, ensure you receive quality, hands-on educational experiences that fit your schedule and lifestyle. Our programs are designed to meet the demands of today's job market, equipping you with the skills and knowledge necessary to excel in your chosen field.

Tuition assistance resources like Virginia's G3 and FastForward programs offer students the chance to complete competitive programs at little to no cost. These initiatives create a pathway for a debt-free college experience, making higher education and skills training accessible and affordable. With these programs, you can concentrate on your studies and career aspirations without the burden of financial stress.

PREPARING INDIVIDUALS FOR SUCCESS IN 12 COUNTIES

RCC's service area covers 12 counties. The two main campuses are Glenss in Gloucester County and Warsaw in Richmond County and four off-campus sites: the Kilmarnock Center; the King George Site; New Kent Site; and, the Westmoreland Workforce Training Center (WWTC) on Route 3 in Montross.

Dual enrollment classes are offered at the Bridging Communities Regional Career & Technical Center, Northern Neck Career and Technical Center, the Chesapeake Bay Governor's School, and at 15 participating high schools.

Westmoreland Workforce Training Center located on Rte. 3 Montross

Warsaw Campus located in the heart of Warsaw at 52 Campus Drive.

Kilmarnock Site at 447 N. Main Street in the Chesapeake Commons Shopping Center.

Glenss Campus located in Gloucester County, on Route 33, just off Route 17.

New Kent Site located in New Kent County at 11825 New Kent Highway.

RCC CAN HELP YOU PAY FOR EDUCATION AND TRAINING!

G3

The typical tuition cost for a full-time degree seeking student at RCC is \$4,650 per year; however, with the G3 scholarship and other financial aid, that number could be brought down to \$0! Take a minimum of 6 credits or an approved short-term credential program. The G3 Scholarship is available to students who:

- Are Adults (18+ and not enrolled in high school)
- Are Virginia residents
- Complete the FAFSA (Free Application for Federal Student Aid)
- Classify as Low- or Middle-Income
- Take a minimum of 6 Credits or an approved short-term credential program
- Make Satisfactory Academic Progress
- Enroll in a Healthcare, Information Technology, Manufacturing/Skilled Trades, or Public Safety program

As long as you are on track to finish in three years, you can take a break and remain on the G3 Scholarship.

For more information: www.rappahannock.edu/g3

"RCC gives students the opportunity to better themselves and learn a trade so when they leave here they can go out and get a good job."

Bill Pittman
RCC Lead Welding Instructor

**Education and training
at little to no cost!**

RCC Educational Foundation Scholarships

Each year, the RCC Educational Foundation offers over 350 scholarship awards totaling approximately \$540,000 to RCC students. Scholarships can be combined with federal and state financial aid or used alone to cover the cost of RCC tuition and fees. The application is open October 1 through February 19.

www.rappahannock.edu/scholarships

Federal and State Grants

A number of need-based federal and state financial aid awards that typically do not have to be repaid are available to low-income students to pay for college costs, including tuition, fees, room and board, and other educational expenses.

For more information:

www.rappahannock.edu/financialaid

**RCC Navigators are ready to
advise you on your next steps
and determine what tuition
assistance may be available to you.
Call (804) 333-6730.**

FastForward Credential Scholarships

FastForward is a short-term, credential grant program to train Virginians for top, in-demand jobs across the Commonwealth. FastForward covers 2/3 of the cost of tuition for a wide range of credential programs offered at RCC.

Most FastForward programs take between six and 12 weeks and are built so students can get their education quickly. FastForward helps students gain the skills they need affordably, while creating more opportunity for their future.

For more information www.rappahannock.edu/fastforward

Rappahannock Community College is committed to a policy of nondiscrimination in employment and education opportunity. No person shall be discriminated against in the terms and conditions of employment, personnel practices, or access to and participation in, programs, services, and activities with regard to race, sex, color, creed, religion, age, national origin, disability, marital status, pregnancy status, status with regard to public assistance, sexual orientation, or membership or activity in a local commission as defined by law. Lack of English skills will not be a barrier to admission or participation.

Rappahannock Community College is an open-entry institution offering career and technical (CTE) programs in many areas of study. Due to high demand, some CTE programs offer admission based on selective criteria through a separate application process that is non-discriminatory.

For more information about the application process, please contact the admissions office at 804-758-6740.

CAREER PATHWAY COURSES

KEY | ● SHORT-TERM TRAINING | ▲ COMPLETE WITHIN 1 SEMESTER | ■ COMPLETE WITHIN 2-3 SEMESTERS | 🏆 CREDENTIALS

BUSINESS & HOSPITALITY MANAGEMENT

■ Administration Support Technology Certificate

This certificate is designed to train persons for full-time employment in an office-related environment. Get this certificate in 2 semesters (31 credits).
Tuition assistance is available.

■ Accounting Certificate

This certificate program is designed to be completed in one year (33 credits). Learn a broad range of accounting practices. Perfect for the small business owner or employee who wants to expand their money management skills. Ideal for: Accounts Receivable Clerks; Accounts Payable Clerks; Bookkeepers; Cash Receipts Clerks; Cash Payments Clerks; Bill and Account Collectors; or Bookkeeping, Accounting, and Auditing Clerks.
Tuition assistance is available.

Combine career certificates with business & customer service to stand out in your profession.

● ServSafe®

🏆 ServSafe® is an industry-recognized program for food service workers. Learn about basic food safety, personal hygiene, cross contamination, allergens, time, temperature, cleaning, sanitation, and more. This course includes the book and testing for the Food Protection Manager Certification. Required Reading: ServSafe Course Book prior to class meeting.

S	January 25	8 am – 4 pm	Kilmarnock Center	\$289
S	April 5	8 am – 4 pm	Kilmarnock Center	\$289
M	August 11	8 am – 4 pm	Kilmarnock Center	\$289

Register at least 10 days prior to class start to obtain course materials.

● Customer Service Certification

🏆 Stellar customer service is essential for success in any industry! This course is designed to capture the core customer service duties for a broad range of entry-level through first-line supervisory positions across sales and service industries. This certification is an industry-driven, endorsed credential that helps employers distinguish and recognize qualified customer service professionals, and identify career advancement opportunities.

DISCOUNTS MAY BE AVAILABLE *Classes may be taught via Zoom and Interactive Video at additional campuses.

ENGINEERING & TECHNICAL TRADES

● SHINE Solar PV Installation Technician Certification

🏆 Get a head start toward a career in the fast-growing solar field, with a focus on commercial installation. You will earn certifications that are key to your success while gaining valuable hands-on experience in a unique solar training lab designed to simulate true-to-life conditions in the field. Students must be able to lift 70+ pounds. **DISCOUNTS MAY BE AVAILABLE.**

M-Sun	February 3 - 9	8 am – 5 pm	Warsaw Campus	\$897
M-Sun	July 21 - 27	8 am – 5 pm	Warsaw Campus	\$897

INTERESTED IN A CAREER IN SOLAR INSTALLATION? In 2023, the median pay for solar installers was \$48,800 with potential growth of 48%! According to the U.S. Bureau of Labor Statistics, occupations related to solar energy are booming with a projected growth of more than 15% in the next decade. This is more than double the expected rate for total employment growth.

● Refrigerant Recertification

🏆 All individuals who maintain, service, repair, or dispose of appliances that contain regulated refrigerants must be certified in proper refrigerant handling techniques. EPA Section 608 of the Federal Clean Air Act requires that persons who work with regulated refrigerants be certified. This class is for individuals that have been previously certified and currently work in the field only.

S	January 25	8 am – 4 pm	Kilmarnock Center	\$289
S	April 5	8 am – 4 pm	Kilmarnock Center	\$289
S	June 7	8 am – 4 pm	Kilmarnock Center	\$289

Register at least 10 days prior to class start to obtain course materials.
Please bring a bag lunch/snacks with you. There will not be sufficient time available to leave campus for a lunch break.

● Tradesman License Renewal

🏆 Renew your tradesman license online at your convenience! Journeymen, Master Plumbers, Electricians, HVAC mechanics, and Gas Fitters are required by the Virginia Board of Contractors to take a pre-determined number of continuing education hours. These classes are recognized by the Virginia Department of Professional & Occupational Regulation (DPOR) and the Virginia Board of Contractors. Cost for Electrical, Plumbing, or HVAC is \$45; Gas Fitter is \$25.

Contact an RCC Navigator to learn more at (804) 333-6730 or advisor@rappahannock.edu.

KEY | ● **SHORT-TERM TRAINING** | ▲ **COMPLETE WITHIN 1 SEMESTER** | ■ **COMPLETE WITHIN 2-3 SEMESTERS** | 🏆 **CREDENTIALS**

● OSHA 10 Certification

The OSHA 10-Hour Construction Industry Outreach Training Program provides you with an entry-level construction worker's general awareness in recognizing and preventing hazards on a construction site. Online format allows you to take the class on campus or from the comfort of your own home. Cost is \$149.

TRAINING AND SKILL UPGRADES OFFER IMMENSE BENEFITS

A recognized certification attests to your knowledge and skills and can give you an advantage over uncertified job candidates. Completing higher-level certifications can potentially lead to higher earnings and leadership roles.

● AWS WELDING CERTIFICATION PROGRAMS

Welding is one of RCC's most popular and successful programs! Our excellent instructors provide the direct, hands-on lab instruction needed to gain crucial skills and become a credentialed welder! Expect an emphasis on safety, quality, and the responsibilities associated with certification.

DISCOUNTS MAY BE AVAILABLE.

PROGRAM REQUIREMENTS

Students acquire skill-sets that are attached to specified American Welding Society certifications and must earn the industry credential prior to advancement in the program. Personal Protective Equipment (PPE) is required and must be purchased by each participant in the program.

Attendance is critical to successful course completion. All welding courses must be taken in sequence due to safety/lab restrictions. Meeting or exceeding weld quality specifications as outlined by the American Welding Society (D1.1 code) are a requirement prior to testing.

PPE required:

- Hard-soled, 8" lace up leather boots (steel toe preferred but not required)
- Gloves (gauntlet type)
- Welding Shield & Helmet (self-darkening preferred)
- Safety Glasses (ANSI 287.1)
- 100% Cotton Long-sleeve Shirt or Flame-Retardant Welding Jacket
- Earplugs

Class sizes are limited so sign up early! If you are interested in discounts and financial assistance, you must contact us at least three weeks before the start of class.

CAREER PATHWAY COURSES

KEY | ● SHORT-TERM TRAINING | ▲ COMPLETE WITHIN 1 SEMESTER | ■ COMPLETE WITHIN 2-3 SEMESTERS | 🏆 CREDENTIALS

● Shielded Metal Arc Welding (SMAW)

Shielded Metal Arc Welding, often referred to as stick welding, is the basis of all welding processes. Learn to weld multiple joint designs utilizing the SMAW process in accordance with American Welding Society specifications. *Class cost is \$1,950.

● Gas Metal Arc Welding (GMAW)

Gas Metal Arc Welding, often referred to as MIG, offers lab instruction in the following processes: short circuit; spray transfer; and, pulsed transfer. Learn to weld multiple joint designs utilizing the GMAW process in accordance with American Welding Society specifications. *Class cost is \$1,950.

● Flux Cored Arc Welding (FCAW)

Flux Cored Arc Welding is an all-position process. Learn the proper machine set up and equipment operation and how to weld multiple joint designs utilizing the FCAW process in accordance with American Welding Society specifications. *Class cost is \$1,950.

● Gas Tungsten Arc Welding (GTAW)

Gas Tungsten Arc Welding, also known as TIG or Heli-Arc, is the most technically demanding process. TIG welding is a two-handed process. Utilize multiple joint designs and base metal types using the GTAW process in accordance with American Welding Society specifications. *Class cost is \$1,950.

● ASME IX Pressure Pipe Welding

Utilizing the SMAW or GTAW process includes two designs: open root joint design and backing ring joint design. Students must have a 3G AWS Welding certification in SMAW or GTAW process prior to enrolling in this class, (a preparation class may be offered to students that need to meet this requirement), or field experience with instructor's approval. *Class cost is \$1,950.

****Tuition assistance is available.***

RCC Welding Facility in New Kent Opens

Rappahannock Community College recently opened its newest welding facility located in New Kent. The cafeteria area in the former New Kent High School has been transformed into a state-of-the-art instructional welding facility, that includes all new Lincoln 300C multi-process welders, Lincoln Prism welding extractors, and Miller Dynasty 400 water cooled TIG machines.

Equipped with 11 individual training booths, the site trains dual-enrolled high school students in the morning or the afternoon, and adult students attend in the evenings. Saturday classes are also available. Students will learn SMAW (Shielded Metal Arc Welding) commonly called ARC welding, GMAW (Gas Metal Arc Welding) commonly called MIG, FCAW (Flux Cored Arc Welding) referred to as FLUX, GTAW (Gas Tungsten Arc Welding) or TIG, and ASME IX Pressure pipe welding, and be ready to become certified and head into the workforce.

● Class A Commercial Driver License

Truck Drivers are in high demand! This commercial driver license (CDL) course will certify you to drive a Class A motor vehicle such as a tractor trailer, dump truck, cement truck, etc. New drivers average \$700-\$1,100 a week in the first year!

We offer a 5-week, full-time training program as well as weekend-only classes. See dates below. The first week is in the classroom where you will learn important safety and regulation topics and the foundation is laid for you to begin the range and road training during the next four weeks. Training includes pre-trip inspections, backing maneuvers, and road training as required by the DMV skills test. Students demonstrating proficiency in these areas advance to take the skills test. Enjoy our hands-on approach to training and benefit from the instructor's dedication to your success.

Class size is limited so sign up early! Cost is \$6,000. Multiple financial resources are available to assist with tuition costs. **If you are interested in discounts and financial assistance, you must contact us at least three weeks before the start of class.**

Diesel Mechanics Technology

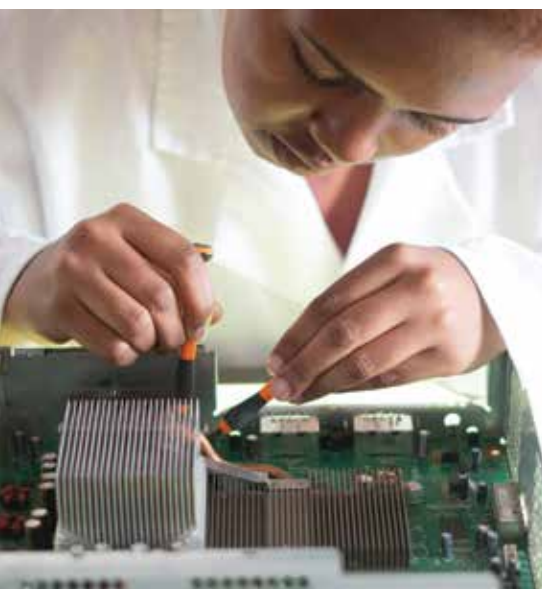

RCC offers a part-time evening program on the Glens Campus. Most program students have full-time jobs during the day, often in the automotive industry. This program is designed to introduce the fundamentals of diesel equipment repair and provide instruction in hydraulic systems, diesel engine overhaul and tune-up, electrical circuits, power train maintenance, fuel injection, and welding.

- Diesel Mechanics Technology Career Studies Certificate (28 credits)
- Two-year, evening, part-time program. **Financial-aid eligible.**
- Diesel Mechanics Technology Certificate (38 credits)
- Two to three-year, evening, part-time program. **Financial-aid eligible.**

Careers in a year or less!

Advanced EMT	Phlebotomy
Commercial Truck Driver	Practical Nursing (LPN)
Culinary	Solar Installation Tech
Emergency Medical Technician (EMT)	Nurse Aide
Welder	

Some programs are G3 or FastForward eligible.

■ Engineering, Drafting & Electrical Instrumentation Technicians

Certificates include:

- **Practical Electrical Technician Career Studies Certificate** (16 credits)
- **Electrical and Instrumentation Technician Career Studies Certificate** (17 credits)
- **Basic Electronics Career Studies Certificate** (20 credits)
- **Computer-Aided Drafting Career Studies Certificate** (16 credits)
- **Introduction to Engineering Technician Career Studies Certificate** (16 credits)

Career options in this field of study include: manufacturing technician, industrial engineering technician, industrial electronics technician, industrial instrumentation technician, instrumentation specialist, instrumentation planner, instrumentation engineering assistant and instrument repair person. **Programs are financial-aid eligible.**

Contact an RCC Navigator to learn more at (804) 333-6730 or advisor@rappahannock.edu.

HVAC Technician

RCC offers a part-time evening program in New Kent. Most program students work during the day, often in HVAC fields. The Bureau of Labor Statistics predicts a 15% growth in the demand for HVAC techs through 2026.

- **HVAC Career Studies Certificate** (17 credits)
One-year, evening, part-time program.
Tuition assistance is available.
- **HVAC Career Studies Certificate, Advanced** (29 credits)
Two-year, evening, part-time program.
Tuition assistance is available.

HVAC Tech average salary is \$43,353 with an average of \$6,000 in overtime pay.

▲ Computer Applications Specialist Career Studies Certificates

Designed to train and equip you with the essential skills needed in an automated working environment (18 credits). Learn basic skills in computer literacy and computer operations.

Tuition assistance is available.

Gain the entry-level skills to become a security analyst. Salaries range from \$44,000 to \$52,918.

■ Cybersecurity

RCC offers two networking and cybersecurity certificates. They can be completed in two semesters as a full-time student or three semesters if part-time.

- **Basic Networking and Cybersecurity Career Studies Certificate** (12 credits).
Tuition assistance is available.
- **Advanced Networking & Cybersecurity Career Studies Certificate** (27 credits).
Tuition assistance is available.

HEALTHCARE

● Medication Aide

This course prepares you to administer medications in Assisted Living Facilities. Learn and develop skills in: Proper procedure for preparing, administering, and maintaining medications; Asepsis; Basic pharmacology; Assisting client with self-administration of medication; and Documentation. Upon successful completion of the program, you will be eligible to take the Virginia State Board of Nursing competency exam for licensure as a Registered Medication Aide. Proof of completion of a Nurse Aide course or a 40-hour DCA or PCA course is required. **Students eligible for aid will pay significantly less.**

*** Class times will be adjusted during clinical rotations to meet the site requirements.**

* M,W,Th	February 3 - March 13	9 am - 1 pm	Kilmarnock Center	\$1,101
* M,W,Th	June 2 - July 14	5 pm - 9 pm	Kilmarnock Center	\$1,101

● Nurse Aide Certification Training

This program teaches you the skills needed to assist with nursing care in a variety of settings, including hospitals, nursing homes, and residences. This program is the first step in the pathway to becoming a nurse. The combination of class time and clinical rotations provide you with plenty of practice and the confidence to succeed. Following successful completion of the course you will be prepared to take the Virginia State Board of Nursing exam for licensure. Class cost includes materials and testing fees.

Students eligible for aid will pay significantly less.

* T,W	February 4 - April 30	8 am - 2 pm	Kilmarnock Center	\$3,495
-------	-----------------------	-------------	-------------------	---------

Students eligible for aid will pay significantly less.

● EMT (Emergency Medical Technician)

In this class, you will develop the ability to comprehend, apply, and evaluate the clinical information relevant to your role as an entry-level EMT; technical proficiency in all skills necessary to fulfill the role of entry-level EMT; and define personal behaviors consistent with professional and employer expectations for entry-level EMT. Upon completion of the program, you will be eligible for National Registry testing resulting in National Registry certification as well as certification in the Commonwealth of Virginia. Class includes some Saturdays.

M, Th	January 23 – April 28	6 pm - 8:30 pm	Glenns & Warsaw	\$2,850
T, Th	June 10 – August 14	9 am - 5 pm	Glenns	\$2,850

● Patient Care Technician

Successful completion of this short-term program provides graduates with multiple credentials, combining Nurse Aide and Clinical Medical Assistant to become a certified Patient Care Technician. Learn foley care, phlebotomy, activities of daily living, EKGs, vital signs, and more. The course includes a combination of online lectures and in-person labs and clinicals. Expand your career opportunities to provide care in a wide variety of clinical settings.

January 27 - April 25	New Kent & Kilmarnock	\$5,895
June 23 - September 26	Glenns & Warsaw	\$5,895

Students eligible for aid will pay significantly less.

Rappahannock Institute for Lifelong Learning

RILL offers non-credit, college-level classes in a variety of subjects, including local history, financial wellness, computer skills, writing, literature discussion, self-improvement, and more. Classes are held in various locations throughout the Northern Neck and Middle Peninsula. There is a small tuition fee for classes.

Rappahannock Westminister Canterbury (RWC) residents take 50% off tuition. Blue Ridge Bank Golden Advantage members receive 15% off class tuition. RILL thanks our sponsors and partners!

Find the schedule at Rappahannock.edu/rill; follow RCC on Facebook; or contact Brittany Abdul-Malik at bjenkins@rappahannock.edu, (804) 333-6707.

Teen Finds Success in Welding

Zach grew up with the belief that college was the only path to success. “I miserably attempted to work towards following engineering, but I just wanted to build things. I didn’t want the schooling behind it; I just wanted to build,” he recounted. During his junior year of high school, a conversation with a friend’s dad changed his trajectory. “He said, ‘Why don’t you try the trades? I was a welder myself.’ That was enough to convince me to sign up for RCC’s welding program (as a dual-enrolled student in high school and college) when the forms came out.”

Without a concrete plan, Zach joined the welding program because he wanted something enjoyable to do in the mornings and didn’t particularly care if he got in. “I didn’t know this was what I wanted to do with my life until halfway through my senior year when I realized that I was good at welding and it calmed my mind in so many ways,” he shared.

In 2024, Zach was presented with an opportunity through a trade program called ATDM (Accelerated Training in Defense Manufacturing). He recalled, “I basically said why not and signed up to watch the recruiting presentation.” Realizing that he wanted to join the program, he faced a challenge as the program required participants to be 18 or older. Zach and his dad worked with the school to get him accepted early. They received news that he would be granted an age exception due to his outstanding certification records as well as a recommendation from RCC welding instructor Bill Pittman. “I am officially the youngest person ever accepted and attending ATDM,” he proudly stated.

Zach began the program in August 2024 at the age of 17 on a full-ride scholarship with free housing. “ATDM is a DOD-funded, Navy-supported trade school that includes welding and many other trades. It has a 100% employment rate, and all employers are contracted to manufacture defense equipment for the Navy. It is only 16 weeks long and a very good opportunity for someone who wants to travel after school and has a passion for their trade,” Zach explained.

OCATS providing opportunities

The Office of Career and Transition Services (OCATS) staff collaborates internally at RCC and externally with local businesses to provide students with invaluable paid internships/work experiences. Funding is provided through grants from CHAMPS (Career Help and Mentoring for Parenting Students) and WIOA (Workforce and Innovation Opportunity Act). Students gain “real” life career expectations, develop professional skills, and build professional relationships.

Recent placements include RCC’s IT department, CHAMPS office, Northern Neck Burger, Rappahannock-Westminster Canterbury, and Riverside Walter Reed Hospital.

“Fenton has become a valued asset during the time with us, supporting our staff, faculty, and students in many IT areas. Additionally, on his own time, Fenton has taken (and passed!) BOTH the Comp TIA Network + and Security + Certification Exams! This is a HUGE accomplishment for any IT professional!”

~ Jeff Hayman, RCC Chief Information Officer.

Dual Enrollment

Earn College Credits While in High School through Dual Enrollment

RCC’s dual enrollment options offer qualifying high school students a unique opportunity to get a head start on their college careers. Explore a variety of subjects, from business to advanced manufacturing, and take college-level classes taught by qualified instructors before graduating high school. These courses are designed for both students planning to transfer to a four-year college and those seeking immediate employment in a career/technical field.

Save Money on Transferable College Credits

High school students can take college-level courses through RCC’s Dual Enrollment program at their home high school. These courses earn both college and high school credits, and many students even earn an Associate degree by the time they graduate high school.

Transferability

Dual enrollment courses provide pathways into college or careers. Some courses are designed to transfer to four-year colleges or universities, fulfilling freshman or lower-division requirements. Other courses fulfill requirements for career or occupational certificates or applied science degrees offered at community colleges to fast-track a career.

RCC high school navigators are in your high school, ready to help you discover your path to success. For more information, email dualadvisor@rappahannock.edu, call (804) 333-6744, or visit www.rappahannock.edu/dualenrollment

DEGREE & CERTIFICATE PROGRAM OVERVIEW

RCC has options for earning your degree completely online and on your time!

*Look for courses marked with an *asterisk**

Contact an RCC Navigator to learn more at
(804) 333-6730 or advisor@rappahannock.edu.

Programs shown in **GREEN** are eligible for additional tuition assistance through the G3 program. See page 4 for more information.

ASSOCIATE DEGREE: Applied Science

ADN Nursing

* Business Management

* Criminal Justice

Diagnostic Medical Sonography

General Engineering Technology

Our Associate Degrees will help launch you on a path of a rewarding career.

Complete in 4 semesters.

ASSOCIATE DEGREE: Arts & Sciences

* Business Administration

* Criminal Justice

* Health-STEM

* Pre-BSN Specialization

* Pre-Engineering

* Psychology/Social Work

* Teacher Education

TRANSFER

Designed to give you all the classes needed to transfer successfully to the college of your choice.

Complete in 4 semesters.

* Web Design

Career Studies Certificates are designed to give you specific job skills in a short period of time.

Credits earned in certificate programs may count toward associate degree requirements.

Complete in 1 to 2 semesters.

STUDENT RESOURCES

RCC STUDENTS HAVE ACCESS TO A VARIETY OF FREE BENEFITS

ACADEMIC RESOURCES

ADA Accommodations

Individuals who received accommodations in high school and/or have a documented disability can schedule a meeting with the coordinator at adaaccommodations@rappahannock.edu.

Brainfuse

Log onto: myRCC.
Online tutoring platform on various subjects and topics. Students can send papers to writing experts for proofreading help.

Study Buddies

Study app through Navigate where classmates gather online to share notes and get help from each other.

CHAMPS

RCC recently started a new program, CHAMPS (Career Help and Mentoring for Parenting Students) to support our parenting students. The program promotes equal opportunity for students to pursue and achieve higher education degrees and credentials to increase educational outcomes and economic stability. The CHAMPS Leadership Council hosted several events and support opportunities. ocats@rappahannock.edu or (804) 435-8970.

Laptop Loaner Program

Email library@rappahannock.edu
Borrow laptops from the RCC library.

Student Support Services

Email ljustice@rappahannock.edu
TRIO and Upward Bound Programs are designed to help students who are income eligible, first generation, and/or have a documented disability successfully navigate college through one-on-one advising, events, resources, and more.
www.rappahannock.edu/studentsupportservices

Career Services

The Career Services Coordinator is available to help guide you on your career path. Access resources at www.rappahannock.edu/careerservices
