

CANVAS SUBSCRIPTION TRAINING: HOW TO START THE TRAINING JOURNEY

Understanding the Training Series:

Welcome to Canvas Series

The Welcome to Canvas Series starts at the very beginning. This series shows users how to login and navigate the global and course interfaces.

Building Blocks Series

Join us as we discuss assessment, communication, and content-building tools with a how-to focus.

Classroom Application Series

Come prepared to learn more about how you can use Canvas in your everyday life as an instructor. Specific use cases, cool ideas, & classroom analytics are just a few of the topics we will explore.

Admin and Support Series

This focused series seeks to educate Canvas admins and support teams on settings, features and best practices on the back end of Canvas.

Showcase Series

This series will take instructors on exciting tours of new and more advanced Canvas features!

Self-Paced Series

Our asynchronous training resources are a thoughtful collection of Community and Power User created items which anyone can access for self-paced training.

Choosing the right training for your role:

Subscription training provides a lot of options to all users. However, it can be a bit overwhelming seeing all the options that might not apply to your specific role. It's important to choose the right training for your role with Canvas. Below are the recommended sessions for each role. **NOTE: Each session below is listed in the recommended sequence.**

Canvas Administrators

Root Account Admins

- Organizing Your Account
- Being an Everyday Admin
- Global Account Settings and Tools
- Uploading CSV Content
- Assessment Tools for Admins
- Templates for Blueprint

Sub Account Admins

- Organizing Your Account
- Being an Everyday Admin
- Global Account Settings and Tools
- Assessment Tools for Admins
- Templates for Blueprint
